

Media Release Workers' Safety and Compensation Commission Launches New e-Services on WSCC Connect

Yellowknife, NT (October 10, 2017) – Today, the Workers' Safety and Compensation Commission (WSCC) releases two new e-Services on WSCC Connect.

Account Management allows businesses to update their company information. Change your legal or trade name, update your billing address and contact information, and select your preferred language, so that the WSCC always has the most up-to-date information on your organization.

Preauthorized Payments allows employers to set up recurring payments to automatically process amounts owing on their accounts, helping them to avoid late penalties.

WSCC Connect launched in October 2015 to provide Northerners with fast, convenient access to WSCC services. These new e-Services join the existing ones: Payments, View Assessment Rates, Statements, Request a Clearance, Register a Business, Report Payroll, Mine Permits, and Report Unsafe Work.

WSCC Connect is available in both English and French.

To access WSCC Connect, visit <u>wscc.nt.ca</u> or <u>wscc.nu.ca</u> and click on the WSCC Connect button located at the top of the page.

WSCC is an arm's length government agency responsible for administering the Workers' Compensation Acts, Safety Acts, Explosives Use Acts, the Mine Health and Safety Acts, and associated regulations.

Together, with our partners, the WSCC provides services to almost 40,000 workers and 4,000 employers across the Northwest Territories and Nunavut. We process over 3,000 claims and conduct over 1,000 inspections annually to ensure the safety of Northern workplaces. The WSCC is unique in Canada as it is the only workers' compensation organization in the country to insure workers across more than one province or territory. We proudly offer services in the official languages of both territories.
