

“The tools of the trade for woodworkers, from hand tools to power screwdrivers, sanders and saws all have the potential to cause serious injury.”

- Discuss** the attitude that “it won’t happen to me”. Remind them that an injury can and will happen if they take shortcuts or are careless.
- Instruct** students to identify and report any safety concerns about tools.
- Encourage them to **ASK** questions.
- Answer** any questions or concerns they might have.
- Set a good example** by working safely at all times.
