IDENTIFICATION

Department	Position Title		
Workers' Safety and Compensation Commission	Program Development Officer		
Position Number(s)	Community	Division/Region(s)	
97-9938, 97-7665	Yellowknife, NT	Legal & Compliance	

PURPOSE OF THE POSITION

The Program Development Officer relies on their technical expertise and research skills, to design, develop, implement, and evaluate programs that fulfill strategic goals of the WSCC. The incumbent provides analysis and development expertise to design effective, relevant, and timely programs that can be evaluated for outcomes and deliverables.

The Officer supports the WSCC's vision, mission, and values, and current strategic objectives of Advancing Safety Culture Priority and Delivering Quality Services and Outcomes and future objectives as the organization moves into a new strategic cycle. Support for strategic priorities will be accomplished through needs' assessment, development, implementation and evaluation strategies; identification of gaps and emerging issues in programming; and engagement with affected stakeholders to ensure programs are built with input from target audiences.

SCOPE

The Workers' Safety and Compensation Commission (WSCC) is a Crown Corporation of the Governments of the Northwest Territories (NT) and Nunavut (NU) that is directed by a Governance Council through the President & CEO. The WSCC headquarters operations are located in Yellowknife and regional operations in Iqaluit and Inuvik.

The WSCC promotes safe work places through education and prevention, and cares for injured workers through a system of no-fault compensation. The system is funded through the collection of assessments from employers and is governed by the Workers' Compensation Acts of the Northwest Territories and Nunavut.

The WSCC is committed to an environment free of racism and discrimination, where people feel safe when receiving services. This can be achieved by respectful engagement that acknowledges the importance of cultural differences and values Cultural Safety.

Located in Yellowknife, the Officer reports to the Manager, Program Development and Stakeholder Engagement and takes the lead in the development and evaluation of external facing WSCC programs assigned to them by the unit manager.

The incumbent is responsible to research, provide recommendations, design and develop programs and evaluation plans, based on the constraints/overview provided by the Manager. The incumbent works with program owners and stakeholders to develop plans that meet their needs while employing best practices in program development for advancing safety culture and service excellence. The Officer will also identify gaps and emerging issues where stakeholder may need programs.

This position is responsible for directly influencing stakeholders, through programming, to adopt effective practices, procedures, techniques, compliance and industry best practices that support workers and employers operating in NT/NU workplaces. This is achieved by developing effective partnerships and providing OHS education expertise and assistance to stakeholders.

RESPONSIBILITIES

1. Research, design, and develop programs and evaluation plans

- Research, analyze, identify, and assess needs for the development of new programs and make recommendations for implementation of appropriate program format to address the needs of program target audiences
- Develop and implement needs assessments to ensure effectiveness, relevance, and timeliness of programs.
- Liaise with stakeholders to identify and define requirements, scope and objectives
- Use existing relevant policies or recommend new policy elements where applicable.
- Develop and implement program evaluation plans that result in metrics for program successes and where improvement is needed.
- Develop program development management plan based on fundamental project management concepts: setting clear objectives, timelines, target audiences, delivery methods, and evaluation strategies.
- Analyze risks and opportunities.
- Work with program owners to identify and develop program competency requirements, including industry and job sector.
- Identify emerging trends and current research in workplace issues and use this information to recommend, design and modify programs.
- Help identify potential partnerships for Program promotion and delivery.
- Work with the Unit Manager to identify and eliminate road blocks
- May represent the WSCC on national initiatives, such as the CALL OHS Young Worker Committee, a national organization that collaborates in producing OHS campaigns geared toward young workers.

2. Implement, Coordinate and Evaluate WSCC Programs administered through the Unit.

- Administer program coordination of WSCC external programs that have no ownership outside the unit.
- Work with Communications to identify focused communications needs and strategies through WSCC external communication channels for program awareness and successful implementation.
- Develop reports and presentations on program objectives, outcomes and metrics to be used and communicated to Senior Management, the Governance Council, and affected stakeholders, on WSCC strategic goals & objectives.

3. Program and Project coordination through the lifecycle of Programs run through the Unit.

- Coordinate program activities, resources, and information
- Work with manager to identify units for program support to break projects into doable actions and set timeframes
- Help prepare budgets when applicable
- Monitor program activities progress and handle any issues that arise
- Communicate project status to Manager and be the point of contact for internal and external stakeholders
- Coordinate quality controls to ensure deliverables meet requirements
- Measure and report on program performance.
- Work with Manager to address legal and contractual concerns (e.g. contracts and terms of agreement)
- Create and maintain comprehensive program documentation, plans and reports
- Conduct quality assurance tests to ensure standards and requirements are met

4. Stakeholder Engagement

- Assist WSCC units in identifying who key stakeholders are in relation to their program or services for the purpose of developing relevant stakeholder engagement plans
- Support the development and successful implementation of stakeholder engagement plans, including detailed tactical delivery plans
- Work with Communications unit in support of WSCC units in identifying requirements for project materials including key messages, Q&A, response lines, briefings and presentations, tailoring messages to specific audiences, to be used across multiple channels including via stakeholders, the media, events and on digital and social media
- Support WSCC units with planning for delivery of surveys, workshops, community working groups, meetings and focus groups
- Facilitate engagement activities; conduct analysis of qualitative data. Identify and source external providers when required.
- Work with the Cultural Safety Officer to determine key issues, how they relate to the relevant communities and what mitigation measures can be implemented to ensure delivery through the lens of cultural safety
- Support and delivery reports, evaluation and analysis of engagement plans.

- Support WSCC units with how to manage stakeholder responses, monitor and analyze feedback from stakeholder engagement, ensuring all contact is logged in the stakeholder engagement database
- Ensure accurate audit trail maintained of stakeholder engagement activities.
